EXECUTIVE SUMMARY

Engineering graduate with a strong interest in frontend development and a solid foundation in Java programming. Proficient in React.js, JavaScript, and building responsive, user-friendly interfaces. Actively seeking opportunities to apply and expand my skills in real-world software development projects, with a focus on delivering clean, efficient, and scalable code.

SKILL SUMMARY

- **Languages** : Java, Python
- **Web Development** : HTML5, CSS3, Java Script
- **Database** : SQL, Mongo DB
- **Library** : ReactJS
- **Version Control** : GitHub

PROJECTS

Movie Gallery Application - [React JS]

- Built a responsive and dynamic Movie App using React.js, styled with Tailwind CSS, and deployed via GitHub Pages for public access.
- Integrated the TMDB API to fetch real-time movie data including posters, titles, and ratings, enhancing user interactivity.
- Designed a clean, mobile-friendly UI with modular React components and optimized the app using Vite for fast load times.
